Company Name	Contact	Phone	City	State	Zip	E-mail
- Father-Son (6 contacts)						
Leica Geosystems	Jack Shry	(703) 551-0646	Montclair	Va	22026	iackshry@comcast.net
Deerfoot Rentals	Geoff Shorten	(403) 236-1666	Calgary	Alberta	T2Z3V6	gshorten@deerfoot.ca
DesignR1 Software LLC				Tempe	85283-3226	rainerh@designr1.com
Accent Gold Solutions	Mark Shaw	(310) 403-8499	Culver City	CA	90230	mark@accentgoldsoluti

- Add a new tab to the contact details view
- All columns and association types are customizable
- Toolbar allows easier access to simple tasks.
- Creates hyperlinks that are bi-directional.
- Uses ACT's select contacts methodology.
- Add additional column layouts to simplify your views.
- Data is stored in the Contacts table in the SQL database
- Outlook Card Style View is now supported in the list.
- Syncs with remote databases
- Sum, Count or Total values in a column

The Associator allows you to add an unlimited number of free-form associations between contacts. These associations are displayed in a Contact List Plus style grid.

"I also really appreciate what I had first heard from an "inside" source, that your product is stable and solid, and your response to any technical issue is outstanding." **Doug Poag - Partners for Community / Recvclina for Families**
